\$420,000

This little cutie is yours to enjoy. Just move in and unpack as all the hard work has been done for you. Already renovated and finished off for the next person to call their own. A great little investment, down-sizer or first home starter for those looking to secure something in this ever increasing growing market. The lovely private courtyard at the front at the moment is a blank canvas which is now the ideal place to establish some gardens and create your own tranquil happy place. A beautiful light and airy villa that is tiled throughout, air-conditioning in the lounge and modern finishes flow through the unit. Two good sized bedrooms with ceiling fans and built-ins, separate toilet and bathroom complete this stunning little villa. So close to all amenities that Redcliffe has to offer. Hospital around the corner, beach down the road and local shops, transport and schools all within walking distance. Owners instructions are clear they have reduced the price to sell, inspect to be impressed by genuine value. Contact our Friendly Team now to arrange your private viewing now.
