Nestled in a complex of 4 is a fabulous lock up and leave 2 storey townhouse , which works as a super cute easy care downsizer, or a smaller family home for you to move into or rent out in one of Perth's most sought after suburbs !It is so close to shops, bars, restaurants, schools and of course all the beautiful riverside amenities that people love about this area. Canning Highway and public transport are at the end of your street too.What makes this house very appealing is the downstairs master suite which naturally provides some separation between parents and children, or is more useable for retirees when their families come to stay over. The two light and bright bedrooms upstairs with their own separate bathroom, are the same size so work really well for either kids or a rental proposition.Their is a cute entry hall separating the open plan living/dining, which opens onto a front deck which is perfect for a quiet coffee/or wine! However, there is also a spacious secluded rear courtyard with room for both dining and relaxing in complete privacy. The kitchen has stone benches, stainless steel gas hotplate and oven, and looks out onto this courtyard.Longstanding owners and beautifully maintained driveways with gorgeous planting make this home one to put at the top of your list, so you too can join this much sort after community. • LOCATION.
