Secluded, sun-bathed and set across single-level, this is a singularly rare find amongst the prestige living and period grandeur of this premier address. Blue-chip addressed and centred in an impeccably groomed group of three, this two bedroom, two bathroom single-level townhouse puts style and lifestyle centre-stage. Ready to entertain with separate lounge and dining areas each opening out through a wall of bi-folds to decked and bluestone paved courtyards front and rear, this dual suite design has a private ensuite for each bedroom... and even more outdoors with an rare double auto-garage. Quality styled with a prestige Bosch appliance kitchen fronted by a massive stone-topped dining-bench, and fully-tiled ensuites (each with glittering glass-mosaic detail), this upscale residence shines with cool stone benchtops, rich wideboard floors and the latest pebbled wool carpets... all set against the backdrop of a fresh new paint scheme. Reverse-cycle air-conditioned with designer ceiling fans for each bedroom, there's great storage including built-in and walk-in robes, and good blinds including e-screen and block-outs. Beachside in a leafy low-traffic locale, this substantial single-level opportunity is singularly blue-chip – close to bus-routes in all directions, within 500m of the Golden Mile beachfront, just a few blocks to Bay St's café society, minutes to Church St's shopping, and in reach of all the central Brighton schools.
