Deco era aesthetics frame the fresh, generous spaces of this two bedroom apartment, one of only four in a building enjoying enchanted seclusion bordered by iconic Fitzroy Street restaurants, Carlisle Street's cafes and the beach. Large living room featuring perfectly polished floors, a hallmark throughout, is complemented by superb working fire-place and a garden setting. A fully renovated kitchen with on trend finishes will delight the entertainer within and overlooks attractive shared outdoor areas. A huge master bedroom with robes and equally alluring second bedroom with romantic French doors share an impressively appointed central bathroom. The deceptively large decked and grassed courtyard areas provide endless outdoor dining and living options.
