Expressions of Interest Sweet and complete, this renovated one bedroom home is a superbly presented abode in a leafy cul-de-sac near Melville Road. Open plan design flows from an enticing living area to a meals zone and exceptional kitchen. Featuring expansive stone counters, a Blanco electric cooktop, modern fan-forced oven and dishwasher, the kitchen is much more generous than in a typical home of its size. The big bedroom is similarly spacious, hosting a built-in robe and leading to an ensuite. Appointed with a shower over a bath, floating stone-topped vanity and toilet, this bathroom also has a bonus laundry function. Heating/air conditioning and a parking space extend comfort and convenience, while maintenance demands are liberatingly low. It's all just footsteps to Brady Reserve and transport, near the 58 tram, Melville Road shops, popular Postmistress Eatery and the tempting cocktails and tasty eats of Shaboo Shoobah.
