When properties like this are offered for sale you have to pay attention! Located in one of Australia's most popular destinations is this ground floor 2 bedroom unit in a small block of only 9 units and walking distance to Snapper Rocks, Rainbow Bay and Coolangatta. The term once in a lifetime gets used a little loosely these days but I don't think that applies here, people that buy these properties don't often let them go so when the opportunity arises to secure one you might need to act fast. • Spacious unit offers balconies off both sides of the building with views over Rainbow Bay • Two bedrooms, master with ensuite, split system A/C, large walk in robe and balcony overlooking Point Danger • Sunken dining and lounge area with large balcony that captures views of Coolangatta and Rainbow Bay • Separate laundry with plenty of space • Ceiling fans throughout and split system air conditioning in lounge room • Small residential building with only 9 units that offers quiet living and low body corporate. • Single Lock up garage perfect for storing all your boards and bikes • Short walk to cafe, surf club and world famous surfing beaches. The property is currently owner occupied and will be offered with vacant possession.
