James Nevins

\$250,000 TO \$275,000

5.818 Hectares equalling 14.3 Acres. Set in the beautiful Rheola district 45 minutes from Bendigo, 15 minutes from Inglewood, is this lovely native undulating allotment. This allotment has a great mix of the McIntyre landscape – large Granite rocks, undulating Creek drifts to large escarpment which is excellent for the Gold prospector. Native grassed block with bitumen road frontage, fenced on 3 boundaries. WM Pipeline water on front boundary ready for connection and single-phase power passes through the allotment. One large dam. Excellent lifestyle allotment with a farm zone attachment. Excellent opportunity to acquire a well held block in a very unique part of Victoria.
