Positioned among established family homes and local sports grounds, this blue-chip pocket places Leawarra station, Frankston Central and the foreshore a short drive from the front door. A free-flowing floor plan encompasses an open-concept entertaining area neatly separated from the private living quarters. Here, 2 bedrooms with built-in robes share a main bathroom, with the second bedroom enjoying private access onto a sunset patio. Property highlights include plenty of natural light, living room air conditioning and heater and a well-appointed kitchen with an adjoining laundry/storage room. Equally appealing from an entry-level or investment perspective, this amenity-rich locale promotes excellent capital growth, while curating a carefree and comfortable lifestyle.
