Auction | \$780,000-\$850,000

Optimally positioned within steps of Huntingdale station village, this property offers a compelling blend of designer style, quality finishes, and sunlit living. A material palette comprising engineered flooring and stone bench tops is thoroughly contemporary. Sharp, clean lines punctuate each space. An open-concept configuration allows for design flexibility, while a natural progression to the undercover terrace allows for ambient, all-day light through the property's many north-facing windows. A central island beckons friends and family to sit down while the kitchen is put to good use with quality stainless-steel appliances, generous preparation space, and high-capacity cabinetry. Above sits a primary bedroom with BIR and ensuite, and two additional bedrooms with main bathroom access. Features include a ground floor laundry and powder room, living room A/C, secure double garage, shed, and water tank. Steps from Huntingdale station, this property boasts easy access to Oakleigh Mall, Clayton station, Monash University, Chadstone SC, and the M1 Freeway.
