Tucked away in this securely gated group of six, this light filled 3 bedroom 2.5 bathroom elevated town residence delivers surprising living space within super low maintenance surrounds. With all the living on one level, this impeccably maintained home enjoys a wide entry foyer that feeds into the traditional lounge and dining area, a sun filled open plan family area that connects with the tasteful granite kitchen (stainless steel appliances), an elegantly spacious main bedroom with walk through robes to the dual vanity ensuite, 2 further generous bedrooms with built in robes, a fully appointed bathroom, powder room and a good size laundry with rear access. The north facing undercover deck brings in the skies and natural light over the top of a pittosporum hedge, which is nestled next to a sunken mod grass lawn. Graced with timeless drapes, this quality built abode is complete with timber floors, ducted heating, evaporative cooling, ceiling fans, security doors, an intercom, ample storage and internal stair access to a lower level double auto garage. So close to the Eastern Freeway to head swiftly into the city or down the coast, walk to Greythorn shops and cafes, the Koonung Creek Trail and Greythorn Park, while moments to Westfield Doncaster, Boroondara Park Primary School and Koonung Secondary College.
