Privacy and uniqueness are not often attributes found in a unit/townhouse but this stunning property certainly is all of that. The raked ceiling and exposed timber beams featured throughout the living space give a sense of spaciousness and the North facing floor to ceiling windows flood natural light into this area creating a relaxed beachy vibe. The home is heated by a reverse cycle heat pump and also has underfloor heating in the tiled areas. The kitchen has a curved wall which adds to the uniqueness while being a functional space fantastic for entertaining, being adjacent to the living area which opens up to the North facing deck. The floor plan flows seamlessly to the two good size bedrooms which both have built in robes with one featuring a sliding glass door opening onto the deck that wraps around the North of the home, also a separate toilet is conveniently located between the two bedrooms. The bathroom is equipped with a separate shower and a corner spa bath conveniently located next to the two bedrooms. If you are looking for an immaculate property within a flat walking distance to nearby shops and the sandy beaches of Hawley and Shearwater then look no further.
