If living in a beautiful water-front home surrounded by lush lawns and landscaped gardens sounds idyllic to you, then take a moment to consider this wonderful lifestyle property. Set on three quarters of an acre, over-looking the stunning Georges Bay, your mornings will start with incredible views of our gorgeous sunrises, thanks to three of the four bedrooms facing due East. Try to resist sitting on the veranda with your morning coffee as you watch birds working the fish schools all the way across to Stieglitz. The open plan kitchen/dining/family zone dominates the northern end of this home, inviting the sun to stream in all day. With 9' ceilings and high-quality finishes, this is a home that will be a pleasure to live in and love. The generous kitchen with its walk-in pantry will delight the family chefs, while still being central to the activities of the home. Outside you'll find the 6x9m garage with two car spaces and a lined hobby room/home office. Your outdoor entertaining area will be the favourite venue for family and friends with your fire pit, gazebo and BBQ bar area. Launch the dinghy or kayak from your sandy beach, as you head out to catch dinner, or simply to get your daily exercise. If this sounds like the lifestyle you have been looking for, call us today to arrange your private viewing of this unique property.
