PRIVATE SALE | \$760K-\$810K

A brilliant starter home or investment, this comfortable and free-flowing home offers chic modern living in the heart of the north, with light-filled modern spaces creating the perfect setting for family living. The ground floor presents combined living and dining alongside the all-white kitchen, with a full suite of stainless steel appliances, and a stone-topped waterfall edged breakfast bar provides a casual dining space. Wide sliding doors open through to a low maintenance courtyard. One bedroom is positioned downstairs alongside a full bathroom, and two additional generously-sized bedrooms, each robed and with a private ensuite, are set upstairs, either side of a sitting area which would serve as a great work-from-home or study space. Additional features include heating and cooling, internal laundry, and lock-up garage with drive-through access to the rear courtyard. The home is positioned close to reserves, playgrounds and Darebin Creek walking trails, walking distance from Reservoir Views primary, and a quick drive to Summerhill, Northland and Preston Market shopping. Bundoora Park Golf Course and La Trobe University are easily accessible nearby and there are chic eateries and convenient transport options all just moments away.
