Ready to enjoy, this stylish 2-bedroom villa residence delivers a relaxed indoor-outdoor lifestyle in a blue chip locale. Showcasing spacious interiors splashed in northern sunshine with a contemporary single level design perfect for easy-care living and vibrant entertaining. Add to this walkability to both Bay and Martin streets, the cinema, train station and beach, and you have the ideal downsizer or first home. Elegant shutters, high ceilings and European Oak hybrid flooring accentuate an open-plan layout featuring light-filled living and dining flowing to a sizable kitchen. Crisp white cabinetry with contrasting black hardware, subway tiled splashbacks and stainless steel appliances (gas stove and dishwasher) create plenty of space to cook and entertain. The full-length courtyard is landscaped to be low maintenance with a covered, al fresco deck and paved sitting area for your enjoyment. Oversized bedrooms boast beautiful loop-pile carpets, picture windows and built-in robes, while the bathroom features a floating vanity, frameless glass shower with a recessed niche and sleek black tapware. The laundry (courtyard/garage access) and separate WC are also designer detailed with decorative floor tiles. Also ducted heating and cooling, and an automatic single garage with additional off street parking spaces on title. Tucked away in a well-maintained group of only five smartly rendered homes each separated by a garage for extra peace and privacy. Make your move to an easy-care retreat with all the benefits of Bayside including cafes, restaurants and shops at your door. For more information about this renovated single level villa please contact Tom Davidson at Buxton Brighton on 0488 017 500.
