This quality unit is an ideal investment opportunity or perfect for those looking to downsize. The open plan living, kitchen, and dining room catch the afternoon sun, and the double-glazed windows throughout make the home energy efficient and quiet. The contemporary kitchen has everything you need and is central to both the living zones and the outdoor patio. There are two spacious bedrooms with built-in robes, both of good size. In summer you can enjoy opening the sliding doors to your private back yard with minimal maintenance garden and a convenient garden shed. The single garage has been converted to a third bedroom with a dividing wall allowing storage space on the roller door side. This can easily be converted back to a single garage, providing both flexibility and storage options. The property is situated in a quiet street, yet it is only a few minute's walk away from the beach, a school, a golf course, a tennis club, and local cafes. This location offers a convenient and enjoyable lifestyle. To schedule your private inspection please call the exclusive listing agents Renae Parker or Elise Chisholm today!
