Quietly set back at the rear on a block of only two moments from Box Hill's buzzing heart, this rare single-level townhouse will impress a host of buyers who are seeking generous space, low-maintenance living and a five-star standard of everyday convenience. A welcoming living area of large proportions reflects the home's sizeable character, extending with ease onto a full-length alfresco deck with Box Hill's impressive skyline standing in the distance. That essence of size and space extends to the sun-kissed dining and sparkling family-sized timber kitchen, while zoned living sees all three spacious bedrooms (ensuite and walk-in robe to main) and a fully-tiled family bathroom tucked away in total privacy. A large yet easy-to-maintain courtyard provides a safe and secure outdoor play space for the kids; this immediately enjoyable first home, downsizing option or investment also features split-system cooling, ducted heating, large laundry, high ceilings, abundant storage and a double lock-up garage with additional parking spaces in front. As a future resident of this sought-after locale, you can look forward to living within walking distance of Box Hill's shopping and dining precinct, Box Hill Gardens, Box Hill train station, buses, Box Hill Institute, Box Hill Hospital and excellent schools.
