When location matters this 459m² allotment is positioned in one of Echuca's most sought after areas. Rarely do allotments come to the market that offer this level of proximity to town. 300m from the Echuca CBD including Coles and Woolies, walking distance to 208 Primary and with the Campaspe river walking tracks at the end of the street. The property also boasts rear lane access and has all town services available. A rare opportunity to build your dream home in Central Echuca, allotments such as these do not come up everyday.
