A view to the city skyline, in addition to all the advantages of its ideal Altona North location, complements the high quality spaces of this bright, inviting, dual level townhouse. The natural appeal of polished timber floorboards and the decked accompaniment of the courtyard enhance the indoor-outdoor character of a living/dining area that includes a kitchen zone featuring stone benches, quality appliances and a walk-in pantry. Two bedrooms, a fully tiled central bathroom and that cool city view deliver upstairs desirability to a design that offers ducted heating and split system heating/cooling, a downstairs powder room, separate laundry, garden storage, a secure garage and extra parking space. Proximity to Altona Gate Shopping Centre and the freeway contributes total convenience to a townhouse that puts a big tick in every box. One of only three.
