\$685,000

This delightful 3 bedroom rear modern villa is ideally quietly tucked away from any road noise or traffic, yet is only minutes away from Stockland Shopping Centre and of course the glorious One Mile Beach. The open planned air-conditioned living area encompasses the cosy lounge room area, the formal and informal dining areas and of course the spacious kitchen. The kitchen features plenty of bench space and dishwasher, however the best part is that "the cook" can be inter-active with conversations and laughter when visitors arrive. Or for the quieter types, you can see the television or listen to music etc while you create your own culinary delights. All 3 bedrooms have fans and are of a good size, however the master bedroom is exceptionally spacious and features it's own modern ensuite and walk in wardrobe. The outside undercover entertainment area is the perfect retreat to rest, relax and take in the world! Plenty of room for plants and gardens etc but only about 2 minutes to mow. The automatic double lock up garage, complete with drive thru access to small yard (ideal for gardening needs or an ideal area to host that big occasion) also has the safety aspect covered with internal access directly into the hallway. Therefore, no issues with rainy weather conditions and more importantly it allows you to feel safe and secure when exiting your vehicle. Solar panels are another "positive tick" for this beautiful villa and with the bus stop virtually at your door, what more could you want?
