\$1,750,000 - \$1,850,000

Spectacular to look at – and in its outlook – the luxury that’s always associated with rare ‘penthouse living’ is sensationally conveyed by this outstanding four bedroom, three bathroom residence directly opposite Greenwich Reserve’s serene greenery. Beyond, ships slip by and the city skyline creates a stunning backdrop to an address that’s acknowledged as one of Melbourne’s most memorable bayside settings. The dramatic, dynamic first impression created by the façade is emphatically supported by the sublime spaces that await within. Three of the design’s four bedrooms and two of its three bathrooms, including a main bedroom that sees the park and watches the water, define the elevated ground floor while above, mesmerizing balcony sights enhance the exceptional living and dining area. A granite kitchen, vibrant retreat and the fourth bedroom served by its own bathroom complete penthouse proportions of undeniable flair. A totally secluded rear courtyard further enhances a coveted property that concludes with a secure garage and a flexible additional basement space, currently configured as a wellness studio. Unforgettable.
