Views don't get any better than this. Sitting upon a hill looking back to the Port Lincoln Forehshore, there is no where you would rather put your dream home. Boasting approximately 1,001 square meters of pristine land, you can just imagine sitting on your deck, watching Port Lincoln go by. Surely one of the best allotments in the area, it is next to impossible for the current views to be built out. You could pitch a tent and feel like the king of the world, let alone building your dream home and making every day feel like you are a million miles away. All services are at the block so all you need to do is get your plans into council and start living your dream. Call Carl Semmler for more information.
