This brand new home with its calm and inviting ambience is waiting for its first owner to move in and make it their own. It's a fantastic, well-designed home that ticks all the boxes for comfortable family living. The master bedroom with its walk-in robe and ensuite is set apart from the other bedrooms creating a private adult sanctuary. The three other bedrooms all have built-ins and create their own wing with the family bathroom and separate toilet in the middle. There is a dedicated media room perfect for movie time or relaxing in solitude away from it all and there's loads of family living space in the open plan kitchen, dining and family area which opens onto the covered alfresco area and backyard beyond. The kitchen is Scandi in design with fresh white and warm timber tones. There is a big island bench, quality appliances and a walk-in pantry. The whole living area is light and bright with big windows letting the light stream in. Add to the list of features the central heating and internal access from the double garage and this home is the total package for any growing family.
