The north facing, resort style single level residence, built just 3 years ago, has been designed to seamlessly blend modern luxuries with superb craftsmanship and alfresco living allowing you to come home to a tranquil sanctuary. The clearly defined zones create generous family areas and accommodation retreats that make it feel like an oasis. The large, inviting home theatre creates an additional social space away from the heart of the home, while the thoughtfully positioned home office allows working from home a joy. Designed to take advantage of the high position over the rolling acreage vistas, the dining and kitchen zone including butler's pantry opens out to the undercover alfresco and stunning in-ground pool and fire pit area. The resort style continues through into the master suite positioned well away from the remaining four bedrooms with double door entry creating a blissful sanctuary with external access through sliding doors. The land is fully usable with expansive lawns, an underground 110,000L rain water tank, huge 12x17.4m shed and second driveway access. With established seasonal gardens, additional courtyard and secondary fire pit, finding different relaxation points is a breeze. This stunning 1.25 acre property offers the perfect blend of luxury and lifestyle in a secluded estate which overlooks the Hawkesbury River. The property enjoys breathtaking views over towards the blue mountains. From the back gate, you can explore approx. 23 acres of private "Riverview Hills Estate" Community land - Natural tracks hugging banks of freshwater lakes (as part of Little Cattai Creek's natural wetlands), bush walking trails, secluded picnic spots and green rolling hills.
