This architectural marvel from the 1970s has reached stunning new heights thanks to modern design and styling. Breathtaking mountain views through dramatic floor to ceiling windows make for inspired living in the coveted Vermont Secondary catchment. Italian porcelain tiles, new carpet, designer kitchen, bathrooms, and laundry, as well as a professionally landscaped garden with low-lying native shrubs, highlight the elegant top-to-bottom renovation. Beyond the towering hotel style entrance, step up to a light-filled open plan living space that flows around an elegant kitchen appointed with soft closing drawers and stainless steel appliances including dishwasher. This roomy main living area opens its doors to a grand front balcony that is perched high up to showcase the Dandenong Ranges in all their glory. A private bedroom wing includes 4 double bedrooms (master with ensuite and walk in robe), plus a sliding door and separate entry to the back bedroom for potential home office/salon. On a street that ends at Campbell's Croft's secret garden, a double carport, workshop/cellar, ducted heating, and solar-powered LED skylight highlight the best in contemporary simplicity. Take a wine to the sun-kissed balcony and taste the high life in this very beautiful region of Vermont.
