**Type: House**

John Elliman

**\$411,000**

Whether you are a first home buyer or investor this property is your perfect entry into this ever improving market place. So many homes in this price range don't have 2 living areas but this one does plus brand new carpets have just been installed. There are 3 bedrooms with built in robes, an easy to work in kitchen with near new oven, an updated family bathroom and an extremely spacious lounge room with gas heating. Outside is easy to maintain with undercover car accommodation and the bonus of a workshop with power and water and wonderful storage options. Conveniently located close to shops and schools this is an opportunity well worth considering.
