Conveniently located just 1 kilometre to the beach, 400 metres to the airport terminal and 3.7km to town, this 6,061m² (1.5 acre approx.) block might be just what you are looking for. The block fronts Bluff Road, with town water and power available for connection. The northern boundary of 110 metres fronts onto Pats River Crown Reserve. The block is mostly cleared but does have some native trees which provide both shelter and privacy. There is an old shed on the property which would be useful for storage etc. This could be the perfect spot for your new island home (STCA). Flinders Council advise current zoning is "low density residential".
