\$440pw

This classic spacious three bedroom home has recently had new carpets laid throughout giving you that feeling of warmth & cosiness!. The lounge, with a gas heater is at the front of the house with a formal dining area, but this would also be ideal as an office. Separate to that is a small meals area, with a split system and a compact kitchen with electric hotplates & oven & dishwasher. Toilet is off the laundry and the bathroom has bath, separate shower and vanity. A single garage is available but a small garden shed is not for tenant's use. Large but low maintenance fenced garden, with off street parking and single garage. Long lease. Pets upon application
