\$930,000

Overlooking beautiful Wallis Lake & Pipers Bay Foreshore Reserve, this family home offers a multitude of features to suit everyone. The large air-conditioned lounge room, featuring timber look flooring, flows into the sunroom where you can sit & watch the world go by. The expansive newly tiled front verandah provides a great spot to observe the local wildlife, & to watch the sun set over the lake each & every day. The three generous bedrooms all have a built in robe & a ceiling fan, with the main bedroom featuring a new ensuite & a lake view. The recently renovated main bathroom has a free-standing bath, shower, double vanity with LED mirrors, & a separate WC. The entertaining space in the backyard spans the width of the home with timber decks either side of a 21m² undercover area. Hardy plants provide for privacy & shade with backyard & rear garden securely fenced. Internal access to the under house garage provides for secure access with this garage featuring an epoxy resin floor, under stair storage, 3rd shower & 3rd WC. The street level garage is approx. 36m² with adjoining 28m² off street space (fenced). With both double garages having automatic remote controlled garage doors the property allows secure parking for 4 vehicles + boat, van, or trailer. The nearest boat ramp is less than 250m away, with Forster High School approx. 600m & Forster Keys Shops approx. 700m away. Considering the level of renovation, the view, & amount of secure garaging, this home represents great value at the price & is not to be missed. For further information, or to arrange a private inspection, please contact Matthew Thompson at The Professionals on 0407 209 157.
