This is a home full of wonderful surprises. Spacious, sun-soaked open plan interiors, a stylish kitchen and designer bathrooms - but its piece-de-resistance would have to be its flourishing productive backyard and resort-like poolside setting sprawling across 684m² (approx.). Positioned in a quiet family-friendly court with little passing traffic, the single level 3-bedroom, 2-bathroom home opens to accommodation that has been finished to impress. Chic floating floors flow through the formal lounge - centred around a cosy gas fireplace - to the sunny family/meals area where dinner parties can be enjoyed in indoor/outdoor fashion with your second fireplace to enjoy. Prestige Bosch appliances star in the sophisticated gourmet kitchen where timber benchtops and well considered cabinetry are also highlights. Both bathrooms have been completely refurbished and feature floor-to-ceiling tiles and glorious rain showers. Outside, discover an entertainer's paradise that is bound to please families of all ages. A boardwalk connects the poolside alfresco deck to a fabulous cabana while a fruit & vegetable-filled garden designed using permaculture principles is laden with peaches, apples and pears; tomatoes, chillies - whatever you need for dinner and dessert, you'll find it right outside the back door! With a European-style laundry, attic storage with a dropdown ladder, two large storage sheds and off-street parking for multiple cars, this delightful ready-to-enjoy family gem is close to parks, the suburb's schools and freeways for a stress-free commute.
