Celebrating the notion of family with its inspired functional design, segregated living zones and indoor-outdoor lifestyle enjoyment, upgrade to a higher mode of family living with this beautifully renovated Lucas Morris-designed home. Enjoying pride of place at the top of a prestigious court setting, on-trend contemporary updates elevate what was an already flawless interior to another level, combining with the home's striking architectural detail, considered living spaces and excellent visual flow to deliver an interior that's beautiful to look at and relaxing to live in. With the fireside lounge and master bedroom (with ensuite) housed together at the front of the home, parents finally have the private retreat they crave. The kids, therefore, can claim the oversized living as their own retreat given its close proximity to their private three-bedroom zone. A gorgeous gourmet kitchen unites the household in the heart of the home; as does the five-star backyard with its undercover alfresco with spa access and elevated views, in-ground swimming pool and private manicured lawn. Enhanced with two modern bathrooms, garaging for six cars, off-street parking for a trailer and caravan, ducted heating, split-system cooling, potential for a granny flat at the front with its own access and parking and convenient access to schools, The Pines Shopping Centre, parks, transport and the Eastern Freeway, welcome to your forever home.
