Nestled on a big corner allotment, this charming brick and tile home is ready for you to explore. Inside, you'll find four spacious bedrooms and two bathrooms, all kept cozy by a fantastic six zone air conditioning system. The kitchen is a modern marvel with Bosch appliances making cooking a breeze. It's right in the middle of everything, connecting the dining and living areas, as well as a large rumpus room. Imagine all the fun times you can have here! Step outside, and the rumpus room smoothly blends with a patio overlooking a super easy-to-care-for saltwater pool. The pool is like a mini oasis with its own water feature, surrounded by sandstone pavers for that extra touch of style. Outside, the property is fenced and secure, with lovely trees and plants offering privacy. The front yard is a perfect spot for your pets and kids to run around and play. Let's talk features: A big bay window lights up the dining area, making it feel warm and inviting. Screens, blinds, and curtains throughout the house. Bedrooms come with fans and built-in wardrobes. You've got a handy rear garden shed and a spacious double garage with built-in storage. Open up the stacker doors to connect your indoor space to the outdoor patio seamlessly. Enjoy the perks of a dishwasher and an extra air conditioner in the lounge for those hot days. And, we can't forget the location - close to schools like Regents Park State School, Yugumbir, and Browns Plains State High School. Bus transport is easy to catch nearby. This home is not just a house; it's where easy living and good times come together. Don't miss out - come see it for yourself!
