Discover your new family home in the tranquil suburb of Hadspen, where space and style combine in this four-bedroom property. The home has undergone recent updates that blend modern design with an easy suburban living. Step inside the home and you'll appreciate the attention to detail in the renovations. The open-plan living and dining areas flow seamlessly into the Hamptons-inspired kitchen, where you'll find a neutral colour palette and profiled joinery that perfectly complement the use of timber and wood tones in the furniture and flooring. These social spaces of the house also engage with the exterior of the home via an undercover full length verandah fronting the street and an outdoor entertaining area that opens off the kitchen and dining area to the rear. The bedrooms have been designed with practicality and comfort in mind, with each room boasting ample storage space. The master suite has a walk-in robe, making it the perfect retreat at the end of the day. The remaining bedrooms are all light-filled and feature built-in storage, ensuring that everyone has their own private space. As well as the undercover outdoor entertaining area, once outside you'll enjoy a large backyard and a detached double car garage or large shed, perfect for storage or for use as a home workshop. This is accessible from one side of the corner block, whilst on the other side of the house is further access to the large side and rear gardens of the home. This quiet cul-de-sac street is a short walk and only a few doors away from direct access to the Hadspen river and foreshore and only a short drive back into the Launceston City, making it easy to enjoy the surrounding natural beauty and ensuring that all your convenience needs are catered for. If you're seeking a modernised and stylish family home, contact us today to arrange an inspection and discover all that this Hadspen property has to offer.
