**\$950,000 - \$1,000,000**

In a quiet cul-de-sac - the perfect place to raise a family - this well-maintained home provides comfortable spaces together with the potential to really make it your own. Across a single level and set amongst easy upkeep gardens, the home also enjoys proximity to an array of amenities enhancing the quality of day-to-day life. Across a shaded porch, the freshly carpeted layout unfolds to offer a formal lounge to the front flowing into the spacious dining zone an area that has set the scene for countless special events over the years. Further on, the generous host's kitchen boasts dual ovens, while families will love the large living zone offering plenty of storage along with a retro-cool exposed brick wall. Out from here the sheltered alfresco patio can be used throughout the year and includes an integrated rangehood for the BBQ. Thoughtful zoning gives the ensuite master a peaceful place at the front of the floorplan, it also benefits from built-in wardrobing, while sited together on either side of the bright main bathroom are two further double bedrooms both with fitted storage. A laundry leading out to the yard, zoned ducted heating/refrigerated cooling and a split system are also offered together with a twin garage, two large water tanks and substantial storage. A quick walk to bus stops, Chadwick Reserve and Kingswood Primary School, this great family setting is also moments to shops & cafes and within the zone for Parkdale Secondary College.
