Situated on a generous 1,096m² parcel of land near the end of a quiet cul-de-sac, this sturdy 2-bedroom, 1-bathroom masonry block home offers a peaceful retreat with its natural bush outlook. A short gravel driveway leads to a covered single bay carport and a spacious tiled patio area, perfect for gatherings and featuring a built-in bar. The patio provides direct access to the interior, welcoming you into an airy open-plan living, dining, and kitchen space. For added comfort on warm days, an air conditioning unit is installed. The kitchen boasts ample counter and cupboard space, including a convenient breakfast bar. Two very generously sized bedrooms, one with a built-in wardrobe, provide comfortable accommodation. The bathroom is well proportioned and includes a separate toilet. Throughout the living spaces, ceiling fans ensure good airflow. Outside, the large backyard accommodates a small garden shed and well-maintained gardens, completing the inviting picture.
