\$250,000

Situated on a corner allotment - 809m² - well established Bottle trees & Jacaranda tree is an added feature. Short walk to a park, ideal for the family or pet. Fully fenced yard. Single lockable garage - power connected - has remote door - concrete floor. The home has insulation in the ceiling. The roof peak has been renewed in recent years. Some stumps have been replaced with steel adjustable stumps, or new timber stumps. The little home is quaint and comfortable. Wrap around veranda to the front and the north, making it a great outdoor sitting area. The back deck is also an outdoor space for a family gathering or BBQ. 3 bedrooms, 2 with built-in wardrobes. Plus 1 small room could be office or would fit single bed. 1 bathroom. The home is considered to have ample storage. Fans throughout. 2 split system air conditioners. Modern-style kitchen. New bathroom with open shower, suit elderly. Hand rails front and back. Also security screen doors back & front. This is not a big home but can be very comfortable for a single person or couple. Child's fort built in the back yard. Recorded as a low area of town in a major flood, but water may go under the building but would not get into the home.
