Nestled in a prestigious cul-de-sac of Shearwater, here you can enjoy the tranquility and privacy many of us seek. A great design that captures views and sunshine - the home is bright and light and showcases a neutral decor that enhances the generous open living plan. Without compromise on space, the kitchen is a statement of freshness, crisp clean lines with feature tiling, a strong contrast with the hardwearing floor. Dine alfresco on the undercover east facing deck or entertain indoors, the style of the home will impress those that love to entertain. Each room welcomes the natural light in, with views of the garden and a distant outlook to the estuary on offer. A clever bathroom design allows privacy and accessibility, with a separate powder room and a second WC situated in the sizeable laundry. This is a smart stylish home, designed to be embracing when it needs to be and big enough to entertain friends and family. Very secure, private and easily maintained, there is a lot to impress here. Please note: Virtual furniture has been used to help define room sizes. * Dual reverse cycle air conditioners* Mod wood decking* Tinted windows, double glazed* Remote control garage
