Don't miss your opportunity to purchase this 5 bedroom highset home in a great area of the Ingham township! 3 of the 5 bedrooms have built-ins & split system airconditioning while one could be used as an office. There are tiles in 2 of the upstairs bedrooms, while the other 2 have carpeted floors. The large lounge is carpeted & has internal stairs to underneath the house. The kitchen was installed in the mid 2000s and has a new wall oven & dishwasher being added. Both kitchen & dining are tiled with central airconditioning in the living area. The hallway, bathroom, separate toilet and laundry (which has a new tub being added) have tiled floors. A large undercover deck is located at the rear with an extra set of stairs leading from this area. The exterior of the house is vinyl clad, while underneath the home there is room for 4 vehicles, storeroom, 5th airconditioned bedroom and an extra toilet. This is all on an 890 square metre block. The owners had the house built in 1976 and have never had floodwater underneath.
