When only the best location will do this property is sure to delight. Positioned at the end of Keating Drive with stunning, uninterrupted coastal views this offering represents an opportunity to secure one of the few 'statement' locations of Bermagui. Adjoining beach reserve and with no discernible neighbours from inside this home truly gives the feeling that you have your own private beach. The 1970's built home exudes retro character and charm. From one of a kind light fittings, designer wall paper to hand made glass tiles, this property has it all. Other features of the home include:

- 4 Large bedrooms, each with their own individual character.
- Stunning views from the combined living and dining room.
- Modern kitchen with quality appliances.
- 3 Bathrooms designed in keeping with the rest of the house.
- Full length deck taking full advantage of the stunning views of Moorhead's Beach.
- Near new double-glazed windows/doors throughout.
- 2nd living/rumpus room downstairs, meaning there is plenty of space for everyone.

Partially renovated in keeping with the essence in which it was built, there is potential to continue with this renovation and have a distinctive home in a stunning location. Alternatively, start from scratch to make the most of this unique and extremely desirable position by building your statement home. Offering its owner the best possible coastal living lifestyle, with breathtaking (never to be built out) views and only a short stroll via coastal track to your secret, seldom used beach. A remarkable opportunity to secure an iconic home in what is one of Bermagui's absolute premium locations.
