This property is hot off the press. Due to be ready in 6-8 weeks, we are looking for the perfect tenant to be the first residents. The master has a walk in robe, and ensuite, and all bedrooms have robes and ceiling fans. There is a split system positioned to cover the entire property for comfort, and a lovely open plan living space to the back of the property. The property is situated in a small nook with the park as your front yard, making it perfect for the kids. The area is newly established and very quiet. If you would like to be considered for the very first tenancy at this lovely little property, please apply online.
