The master ensuite and main bathroom are both immaculately presented with premium floor-to-ceiling tiling and modern stone-top vanities. There is a huge double shower to the master ensuite, and the main bathroom features a bath, semi-frameless glass corner shower and separate toilet. Wide glass sliding doors connect the living/dining area onto the integrated alfresco patio in the low-maintenance backyard, and the premium modern kitchen will delight the home chef with gas cooking, stone bench tops, stainless steel appliances and quality cabinetry including a large corner pantry.
