An iconic home to the area and widely revered in the coastal architectural space nationwide. Designed by Jackson, Clements, Burrows Architects and locally built. The home is sited 100m to the sand with completely unimpeded coastline views as far as you care to see. A truly spectacular vista. Sited at the bottom of an acre of land that abuts Otway National Park on two boundaries. Unrivalled privacy! Comprising 3 bedrooms, 2 bathrooms, study (or 4th bedroom), open plan kitchen/living/dining, private sunroom and large external viewing platform. Car parking and the pedestrian entry into the home is easy and native landscaping generally looks after itself. The property has just been freshly painted and rejuvenated making this available to immediately enjoy as is or to utilise as a lucrative holiday rental proposition should you desire. Features include timber flooring throughout, expansive glazing, louvre windows, luxury appointed kitchen/bathrooms and large cantilevered deck area with floor to ceiling timber sliding doors. "LARRIDALE" cannot be faulted and will always be regarded as one of the very best holiday houses along the entire Great Ocean Road!
