\$1,400,000 - \$1,500,000

A remarkably large and lovingly maintained family classic from the mid twentieth century, this sweeping, five bedroom residence presents a flexible floorplan with wonderful spaces to suit and adapt to the needs of large and growing families. Set on an opportunity filled allotment of 736 square metres (approx.) in a coveted family locale, the home is presented to be enjoyed today with scope to refresh at your leisure or even plan something bolder down the track (STCA).The richness and style of polished hardwood flooring is complementary of timber cabinetry throughout the home as it highlights a large kitchen / meals with vast, semi-attached lounge / dining. Framing garden outlooks in all directions, the home flows past four bedrooms and two bathrooms to a huge main bedroom with its own ensuite, independent access and the potential to serve as a home office, rumpus room or teen retreat. Further highlights include walk-in or built-in robes in three of the bedrooms, a laundry, a double carport and driveway parking for an additional four vehicles.This is a dream location for raising families in a quiet street, just moments from all the modern conveniences you need including Aquarena Leisure Centre, Macedon Plaza and Westfield Doncaster, with Ruffey Lake Park just moments away, The Eastern Freeway accessed easily and both Templestowe Heights Primary and Templestowe College also within walking distance.
