Exclusive, rare and unique are all words that gravitate around this property and the secluded estate it sits within. Just like many of the neighbouring properties, you really do not see something like it every day of the week, so when you do it can feel quiet special, as this home truly does. The picturesque home offers a layout that lends itself towards dual living, with the downstairs of the home being a perfect compliment to the top. Also packaging privacy, space and convenience like few other properties can, being hard to believe it is only a few minutes drive from the CBD and hospital precinct when you are standing on the peaceful back deck looking out into the botanical gardens. With features best summed up by an inspection in person, here are some things to note starting with upstairs:- Large air-conditioned main bedroom with expansive glass doors and windows looking across to the deck and over the back yard- Freshly renovated ensuite with walk in shower offer 2 shower heads and a shower bench, toilet, and a generous vanity, which flows through to the built in robe and changing room- 2nd air conditioned bedroom with built in robe and sliding doors to the deck- Massive open plan living and dining with beautiful cathedral ceilings, surrounded by windows and glass doors to soak in the surrounds- Alley style kitchen overlooks the backyard with electric oven, ceramic cooktop, exhaust fan, dishwasher and plenty of storage- Laundry with large built in linen along sides dual vanities and a 2nd toilet- Full width back deck with spectacular views which also wraps around the side of the home to the clothesline area off of the laundry Continuing on to downstairs which offers:- Central living area with sink, bench and cupboard space perfect for a kitchenette under the stairs along with an additional adjoining living area which can be utilised in several ways from storage through to a media room- 3 additional bedrooms with built in robes, 2 are air-conditioned with external sliding doors- Bathroom with recessed shower, clawfoot bathtub, separate powder room with large vanity and mirror- Easy side access via side gate and stairs which passes the clothes line ideal for dual living use with a shared laundry And the list goes on, but you'd have to see it to appreciate it.
