When it comes to living the Hobsons Bay lifestyle at its best, there is one address that tends to draw more sharp intakes of breath among locals than any other...Esplanade. And now there is an opportunity to enjoy that remarkable lifestyle in a way that few others could hope to capture.2 Sarros Street brings together the award-winning creative skills of Chan Architecture and Mancini Made to create a bespoke town residence unlike any you've seen in this area before.Brilliantly positioned opposite the beach to maximise stunning views across the Bay, this architecturally inspired haven combines impressive light-filled living and entertaining spaces, four bedrooms enhanced by three bathrooms, (zoned to cater for older teens or extended families), a kitchen your friends will envy and an extraordinary catalogue of quality inclusions from Caesar stone benchtops to European Timber floors, a gas fireplace, built-in barbeque alfresco area and extensive storage including butler's pantry and master walk in robes.Situated within close proximity of all of the amenities that have made this neighbourhood one of the rising stars of the Melbourne property scene, this is an opportunity to secure a luxurious, low maintenance lifestyle that defies comparison.
