\$810,000

Conveniently located in one of Tamworth's most desirable estates is this easy-care modern home perfectly designed for low maintenance living. Currently leased for \$720 per week this near brand new home provides an open living/meals/kitchen area creating the perfect space for family interaction. For those seeking that little more you have a separate carpeted lounge/media room and for the outdoors a large alfresco area providing ample room for entertaining. Making it easy to keep clean the home is completely tiled right through excluding the lounge making it ideal for those in need of a more sterile/clean environment. The yard is secure and offers plenty of space for pets and kids while the house itself is positioned only a short walk to parks and the soon to be built nearby shopping centre.
