NEAT AS A PIN WITH INDUSTRIAL ZONING

It doesn't get much better than this! This 3-bedroom brick home is almost bulletproof and ready for a clever investor, or first home buyer to reap the benefits. Set on approximately 495 square metres of industrial zoned land, it boasts 3 road frontages and side lane access. The low maintenance home has built-in robes, off street parking, wheelchair access to the front door, outdoor blinds and a terrific brick shed. When an opportunity to acquire an industrial zoned parcel so close to Mildura presents, it's time to act.
