**Type: House**

Vicki Richards

## Auction

When I sat down to advertise this property, I decided to ask the owners what they loved about it. The owners are a family of six, soon to be seven. Here are some of the things they've loved about living here:

- Large open floor plan
- Separate living areas
- Kitchen overlooking the pool
- 11 metre salt water pool with spa function
- Kitchen offers lots of bench space, breakfast bar and two ovens
- Safe fenced yards for the kids
- Council Approved Granny flat for overseas visitors
- Privacy
- Central location, close to variety of public and private schools
- 20 minutes to beach, close to all the theme parks
- Two doors down from a great kids park (Stolle Park)
- Great undercover area; always one side that has shade for the kids
- Easy floor plan to entertain, with servery from the kitchen
- Separation of bedrooms for the older kids and younger ones
- Projector with surround sound (once again a hit for the kids)
- Big laundry with lots storage
- Easy care hard floors throughout

Then the extras that I noticed:

- Sits high from the road and catches great breezes
- Three air conditioning units, fans
- Crimsafe security, solar panels
- Space for off-street parking
- Granny flat could be rented separately or used as Air BnB (STCA)

Owners have purchased elsewhere and will consider reasonable offers prior to auction.
