Classic charm and contemporary comfort have been beautifully combined to create this spacious family home nestled within a quiet pocket of Margate. Those in need of room to move and play will love having five bedrooms, 2.5 renovated bathrooms and multiple indoor-outdoor living areas to choose from along with a good-size yard and a great shed. A wrap-around front verandah invites you into the entry where you are drawn through to the open-plan kitchen, dining, family room and living area. On-trend flooring and feature lighting are complemented by ornate cornices, wainscotting, a wood heater and gorgeous timber-framed windows and doors. The kitchen has already been meticulously renovated and there's a covered rear entertaining area for hosting guests while overlooking the backyard. Two bedrooms and 1.5 bathrooms are housed on the main floor with three bedrooms and a two-way ensuite bathroom located upstairs along with a reverse cycle air-conditioner. Bedroom five could work as a study, depending on your needs, plus there's an upper-level deck, a main-floor laundry, a detached double garage and a carport for storing multiple cars, boats or caravans. Margate's shops and services are all within easy reach as are renowned schools, the Dru Point Bicentennial Park, picturesque waterways and handy transport links.
