Embracing a luminous northerly rear aspect, this four bedroom plus studio Californian Bungalow is a warm and generous family base geared to brilliant contemporary living. With soaring ceilings and a wide hallway, the home leads past large bedrooms with built-in robes (main walk-in robe and ensuite) to a beautifully big kitchen, dining and family domain. Featuring a waterfall stone counter, walk-in pantry and 900mm appliances, this relaxing open plan hub leads to a covered entertainer's deck and a green oasis, where the studio, home office, fifth bedroom or teen retreat nestles among picturesque vines. A central family bathroom, laundry with drying cupboard, polished floorboards, open fireplace, ducted heating, cooling, storage and secure parking, with electronic access to a rear ROW, complete the picture of comfort and contentment. In an attractive street, close to schools, and zoned to Preston High, it's a stroll to tempting restaurants, 86 tram, Preston station, parks, Preston Market and vibrant High Street.
