Located just moments away from Yaroomba Beach and the vibrant heart of Coolumb, this single-level living home boasts a range of attractive features, including an inviting inground pool and a spacious grassy backyard. Remarkably, the property encompasses a substantial land size of 879m², making it the largest residential block on Bimini Drive. This ample space not only accommodates the well-designed home and pool but also provides room for easy side access and an expansive backyard, suitable for various possibilities such as a shed, secondary dwelling, vegetable garden, or children's play area. The home's entrance is through a welcoming timber deck and front door. From this north-facing vantage point, you can catch glimpses of the winter and afternoon sun, creating an ideal setting for outdoor living. The clever house design takes advantage of the gentle slope of the land, allowing for single-level living with parking and ample storage conveniently tucked underneath. The accommodation within this residence comprises three bedrooms, two bathrooms, and an open-plan kitchen, living, and dining area – all thoughtfully situated on a single level with raked ceilings and timber floors to the living area. Additional features include air conditioning, a fully fenced yard, and side access through to the backyard, perfect for accommodating a boat, caravan, or trailer, making this property a versatile and appealing option in a quiet residential location. The concrete pool has a spacious paved entertaining area overlooking lush foliage. Furthermore, its proximity to transportation, shops, and schools enhances the convenience and desirability of this attractive home. Features at a glance- 879sqm with plenty of options to upgrade a shed/dual living/vege garden or install a pool cabana- Single level open plan living with raked ceilings and timber floors,- Leafy and green outlook with low-maintenance gardens- New refurbishments include carpets, gardens, induction cooktop, air conditioning, external painting Steve Lane invites you to inspect at the open home or via online inspection
